References available on request

Dear Madam, Sir,

I would like to apply for a position within your organization, in which I have a strong interest. Attached is my resume, which outlines my skills and background in the field of computer science.

I have training and relevant experience in IT, which have allowed me to develop solid skills in the performance of my duties. I am particularly interested in the creation of websites, the deployment and development of web applications, the improvement of existing products as well as data management. More broadly, any responsibility related to the IT field represents a valuable opportunity for me to consolidate and enrich my professional experience.

As a complement, I invite you to consult my professional website [https://rinoship77.github.io/] as well as my GitHub code repository [https://github.com/RinoShip77/MesProjets], where all of my achievements are listed. Please note that I am eligible for a government grant following a hire.

I would be delighted to meet with you to explain in more detail how my profile and skills could meet your needs. I am available for an interview at your convenience.

I thank you in advance for the attention given to my candidacy and ask you to accept, Madam, Sir, the expression of my distinguished greetings.
